Honorable Judge Ronnie Abrams,

In light of my recent motion for compassionate release, I also wanted to bring some additional information to your attention. A few years ago I obtained information about a threat against the lives of two executive staff members here in F.C.I. Cumberland. Their lives were being threatened so that prominent and rather notorious MS 13 gang member would be given a life sentence here in the U.S. rather than be extradited to Costa Rica to serve a life sentence there. I promptly passed this information along to S.I.S. Ultimately my information and statements lead to his immediate removal from the compound and fortunately no harm ever came to the two executive staff members whose lives were endangered. The motive for my actions were simply to help save a life like always I do. I expected no favors in return and the health and wellbeing of those two executive staff members was thanks enough.

However, in light of the continual decline of my mother's health, I reach out to you impart this information. Even since my initial motion for compassionate release, her health has worsened to the point that now she is no longer able to get out the bed to relieve herself in the middle of the night. I know that I may only have a year and a half left, but every day matters in this desperate situation. I pray that with this new knowledge the court may look more favorably towards my case and my circumstances by acting in my favor. My account of events and the exact role that I played can be validated in full detail by Lt. Deurr who is employed here at F.C.I. Cumberland and was a member of S.I.S. at the time of the incident.

Thank you for your time and consideration in this matter.

Respectfully,
Flavius Georgesau.
